

**STRONG TRAILERS**

**Brenderup - Behind you all the way**  
- Why buy Brenderup

- 1 Maximum driving abilities and low loading height**  
The low centre of gravity provides ideal road abilities and a low loading height. The perfect trailer for long distance travelling.
- 2 Perfect for transporting of garden equipment**  
The models 2260 S / 2300 S with tip, on which the platform can be tipped, are ideal for transporting garden equipment, etc.
- 3 Large capacity**  
40 cm high sides provides large volume.
- 4 Strong design**  
A Brenderup Series 2000 has longitudinal members below the platform which ensures a perfect support of the platform. Side supports reinforce the sides when the trailer is carrying a full load. (Models 2260 S and 2300 S)

- 5 Easy lashing of the load**  
External lashing hooks secures the load during transport.
- 6 The most comprehensive range of accessories in the market**  
Brenderup offers the most comprehensive range of accessories in the market, which makes the trailer perfect for all applications. Have a look e.g. at one of Brenderup's many solutions for extension sides, flat or height cover solutions or lids which protect the load from theft and from the elements. For more information see page 45 or visit [www.brenderup.co.uk](http://www.brenderup.co.uk)
- 7 Brenderup's choice of material ensures long life expectancy**  
All components are galvanized which provides the optimum protection from corrosion. Model 2205 S with welded, galvanized sides is probably the strongest trailer in the market, on which the side profiles are welded and subsequently galvanized. Outspokenly ideal for the heavy use.

**2205 S**

**Steel**  
Box dim.: 203x128x40 cm  
Total length: 322x175 cm  
Sides: Riveted steel  
Total weight: 750 kg  
Pay load: 584 kg  
Tyres: 13"  
Brakes: No

Price ex. VAT: GBP **734,00**

Part no. 27402

**2205 S**

**Steel with ramp**  
Box dim.: 203x128x40 cm  
Total length: 322x175 cm  
Sides: Steel  
Total weight: 750 kg  
Pay load: 568 kg  
Tyres: 13"  
Brakes: No
